### **DETAILED ACTION**

1. This office correspondence is response to the applicant's response filed on 09/04/2007.

### **Allowable Subject Matter**

2. Claims 1, 3-9 are allowed. The following is an examiner's statement of reasons for allowance: In interpreting the claims, in light of the Specification and the applicant's amendments filed on 09/04/2007, the Examiner finds the claimed invention to be patentably distinct from the prior art of record.

3. The combined teachings of Jones (US Patent application 20030212800) and Hood (US patent application 20020169836) fail to teach or suggest the latest amended form of the claim limitations. Their combined teachings disclose allowing the subscriber to establish the connection of the client service provider under master service provider. They also disclose each subscriber has his or her own identification and password.

5. However, the prior art of record fails to teach or suggest that the service provider should be specifically Internet service provider as it narrowed by the recent amendment. Furthermore, they do not teach that replacing the subscriber identifier and password by a virtual subscriber identifier, and password, associated to Internet service provider identifier, when access request comes from a subscriber of Internet service provider, before determining if a new connection may be established for a subscriber of said client Internet service provider.

Art Unit: 2136

6. However, the prior art of record fails to teach or suggest some of the steps of the present claim invention. Examiner performed an updated search and unable to find any prior art to disclose all the steps mentioned in the independent claims.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Conclusion**

8. Claims 1, 3-9 are patentable.

9. Claims 2, and 10 are cancelled.

10. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mohammad w. Reza whose telephone number is 571-272-6590. The examiner can normally be reached on M-F (9:00-5:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, MOAZZAMI NASSER G can be reached on (571)272-4195. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
